MEV 2

1. Discuss in your teams
    1. The drawbacks to MEV solutions
        1. Commit- reveal approaches like submarine sends
        2. Salmonella
    2. As a DeFi user which L1 project (Flashbots, Cow Swap, Mistx etc.) do you prefer
2. Look through the code for the MEV bot Sandwich contract
   Do you understand what the assembly code is doing ?
